These spacious villas have bedrooms that are more separate from sitting areas.

A favorite! All are on a gently rounded knoll near the Villa Pool where breakfast is served outdoors during summer, or can be requested to be brought to your room in winter. From the front door you step inside to a large sitting area with a fireplace and an alcove containing a wet bar, mini-refrigerator and a coffee pot. Beds are in a separate alcove usually defined by an arch.

All Junior Villas have two double beds and accommodate one or two guests. Junior Villas are known for their large, private patios, often with great views of Mount Kuchumaa, oak groves, or flower-strewn meadows.
