Tecate, Mexico

Want to visit Mexico but short on time? Head to Tecate (yes, like the drink) in [Baja California](#) for a fun weekend getaway. In addition to great hiking and it's beer namesake, Tecate offers a unique experience at [Rancho La Puerta](#), a wellness resort and spa. The all-inclusive rates cover your rooms, fitness classes like aerial yoga, hikes and activities, and gourmet vegetarian meals (seafood is available too!).
