Summer Camp Like a Grown-Up: Luxury Getaways for the Kid at Heart

• June 1, 2021

As we officially welcome the dog days of summer, fond memories of childhood summers spent at camp are top-of-mind. Lazy days spent lakeside, arts and crafts, horse rides, archery and sleeping under the stars topped off with stories and s'mores around the campfire.

These summertime shenanigans are far from over at the resorts listed below — offering guests an abundance of activities reminiscent of their days at summer camp (*with an elevated twist*). Stargazing, bee workshops, lakefront lounging, wildlife safaris, naturalist workshops, axe throwing and kite-surfing are just a few of the camp-inspired activities guests can enjoy — finished off with s'mores and a nightcap, of course. Travelers can kick it back old school and indulge in a vacation with something offered for every kid at heart.
